Flexible Scheduling for Groups of 50 on up – can be planned at all camps year round

Aside from our published programs we do also do what we call 'Flexible Scheduling' and this is where you tell US what you want to do! You can select dates that you want to come to camp and then we can build a program just for you. This can include food service where we provide meals, or if you want you can provide your own. We can also do program for you either throughout the whole time you are at camp or just when you want it!

Flexible scheduling can be offered all year round based on the availability of facility rentals. Just to note, if we do any programming as a part of this we would need to have a minimum of 50 participants.

We have 3 service units currently using this – we plan a full weekend for them, staff and provide meals. They essentially get a customized weekend service unit event.

Information on all programs can be found online on the camp page, register for camp tab.
